

Apprentice Diesel Mechanic

An exciting opportunity exists for a confident, proactive individual to join the team at Growers Services Renmark as an Apprentice Diesel Mechanic.

Preferred applicants would have agricultural machinery knowledge but not essential. The successful applicant would be required to work both in workshop and on farm in a safe and productive manner whilst performing within a team environment.

All applicants must possess a passion for the agriculture industry with great people and time management skills, possess good customer relations and bring a proactive can-do attitude to the role for an immediate start.

Hours will be full time 38 hours per week with some overtime and weekend work required.

Applications close Friday 5th of April 2019 and should be emailed to: psullivan@sunriseag.com.au
